Dealing With Problems

by Brian Dean

I was talking with a friend today, and we were discussing problems. Suddenly, this pops into my head: "How we deal with problems is as important as the problems themselves."

First off, I know that this did not come from me, or from the friend I was talking with. This came directly from spirit. I hustled over to the computer so I could get it down before I forgot it. Somehow, I saw this as a message not only to the both of us talking, but to others as well. So, it is amazingly finding its way into an article. But, back to the issue at hand.

Help Wanted

Due to personal circumstances, Melissa Speerly has moved back to Illinois and is no longer available to our clients. We wish her well in whatever interests she decides to pursue. Because of this, Caring Palms is currently seeking a nationally certified female licensed massage therapist to work at the studio for those clients that prefer a female therapist. This can be either a full time or part time position. If you know anyone that might be interested, please have them contact Caring Palms either by phone or by e-mail.

Modality of the Month

Swedish Massage

Although exotic sounding, Swedish massage is the most common

type of massage performed. Developed by Pehr Henrick Ling, who based it on the movements of Swedish gymnasts, it can be a very relaxing session, but can also be therapeutic.

Swedish massage is usually the first style of taught in most schools. It is a great beginning point for students to learn to touch a client, and develop pressures and movements. This is actually the basis for most of what they learn later.

Thoughts on Distant Attunements

by Brian Dean

Attunements are something given to Reiki practitioners to help them pass on the Reiki energy. Most Reiki masters give their attunements in person. Some give them at the beginning of class, while others give them at the end as some type of graduation. Others give attunements distantly, and this is one of the big controversies about the attunements themselves. Can one be attuned from a distance? What could go wrong, and what could go right?

But first, we need to understand what an attunement is and we'll forgo the joke that says you can tune a piano, but you can't tuna fish. Sorry.

According to most people that teach Reiki (and William Rand's group is no exception), the Reiki teacher gives the student the ability to do Reiki through the attunement. When Rand's people try to put it in scientific terms, they claim that the attuning process changes something in one's DNA which allows that person to accept and pass on Reiki energy. I have always thought that this was just so much felgercarb.
